

CAN I COME BACK TO CAMHS IF I LEAVE BUT THEN THINGS GET WORSE AGAIN?

Q Can I come back if things don't work out? Can I leave and then if things get worse can I come back?

A Absolutely. We'll be open to receiving re-referrals. If there's been a significant amount of time since you were last in our service then we would need you to go through the usual referral procedures to get back into the service but all the information about that you've shared with us on your previous meetings with us would be kind of known to the new worker so we could take up where we left off before.
